

Niapela Pasin

Protect yourself, your family and community.

Wear a face mask or face covering in public places to protect yourself and others.

Clean hands frequently – wash with soap and water or use alcohol-based sanitizer.

Keep at least 1.5 meters distance between yourself and others. Limit social gathering and time spent in crowded places.

Cough or sneeze into your bent elbow – not your hands. Avoid touching your mouth, eyes and nose.

Greet each other without touching – no handshake, no fist or elbow bumps. Greet with the smile, bow, nod or a simple hello.

Clean and disinfect frequently touched objects and surfaces.

If you have the COVID-19 symptoms such as fever, dry cough, sore throat or shortness of breath, call toll-free hotline **1-800200** immediately.
